## Location

Situated approximately 692 km from Johannesburg, 400 km from Durban, 12 km from Manguzi (Kozi Bay Border Post), in the southern most part of Mozambique. Ponta do Ouro is situated approximately 10 km measured from the coastline of Kosi Bay and Sodwana.

## Fun Fact

Ponta do Ouro or 'Point of Gold' gets its name from the fact that early Portuguese explorer were misled by unreliable maps thinking that gold could be found there.

Upon arrival they found that the dunes were rich in black titanium but the only gold in the area was the colour of the setting sun shining over the long white beaches. The historical truth might never be known but the modern day value of what is one of the most beautiful and unspoiled bays in the world can certainly lay claim to golden treasures.
